

Chords For Five Common Keys

The chart below shows the major and minor chords that belong in each of these five keys. The I, IV, and V chords are all major, and the II, III, and VI chords are minor. The VII chord is diminished, or sometimes minor. The far left column is the root note of the key – for instance the top row is in the key of C major.

I	II	III	IV	V	VI	VII	VIII
Major	Minor	Minor	Major	Major	Minor	Dim.	Major
C	D	E	F	G	A	B	C
G	A	B	C	D	E	F#	G
D	E	F#	G	A	B	C#	D
A	B	C#	D	E	F#	G#	A
E	F#	G#	A	B	C#	D#	E

How To Use This Chart

When you know what key a song is in, look at the chart, find the key in the first column, and then use the chords in the corresponding row in the song.

The Next Step

Learning how I IV V works on your guitar will not only give you a better understanding of *how* and *why* the chords work together - it will also open up the fret board to you in new ways, bringing you more joy and pleasure from your guitar than ever before. It's time to break out of the guitar rut, and onto a new track!

- Learn songs faster
- Play with confidence
- Improve your 'jamming' skills
- Play by ear

The Unlocking I IV V guitar lesson will take you & your guitar to the next level – guaranteed! When you're ready to take the next step on your guitar, head over to:
